| <b>Severity:</b>            | Medium                                                                                                                                                                                                                                                                                                                                       |
| <b>Area of Application:</b> | TFSA Calculator → Inputs → Gross Annual Income                                                                                                                                                                                                                                                                                               |
| <b>Reason of Error:</b>     | Validation message not triggered for missing/invalid input                                                                                                                                                                                                                                                                                   |
| <b>Environment:</b>         | Windows 10, Chrome                                                                                                                                                                                                                                                                                                                           |
| <b>Description:</b>         | When the Gross Annual Income field is left empty, the calculator fails to display the expected validation error. Instead, no error message appears, giving no feedback to the user about the missing input. The calculation does not proceed, but the absence of a clear error message prevents the user from understanding what went wrong. |
| <b>Steps to Reproduce:</b>  | <ol style="list-style-type: none"><li>1. Open the TFSA Calculator page</li><li>2. Enter: Starting Balance = 1,000<br/>Contribution Amount = 500<br/>Contribution Frequency = Monthly<br/>Number of Contribution Years = 5<br/>Annual Rate of Return = 15<br/>Gross Annual Income = ""</li><li>3. Click</li></ol>                             |
